## THE STATE CONVENTION.

Special Telegram to the Eagle.

TOPEKA, July 16.—The interest in the success of the many candidates by their friends was overshadowed much of the day by the fact looking out that there had been three caucuses held last night to fix up a platform. One by the anti-prohibitionists, one by the anti-prohibitionists, and one by the straddlers. From what could be gathered there seemed no hope of harmonization. The planks on the one question of what we shall drink and where, and the hour of convening, the representatives of the different factions had a conference and it was understood that things had been smoothed down considerably. Following the temporary organization, an account of which will be furnished by the regular report, and following the temporary chairman's speech, which was full of good points, came a fire brand from P. B. Anthony, of Leavenworth, in the shape of a resolution, which was the motion authorizing the appointment of a committee on the platform.

While there was nothing objectionable in the amendment itself, it was the manner in which it was put and the spirit of the speech which followed it, in which he charged that the committee had all been cut and dried. A prompt decision upon the part of the chairman would have averted a very unpleasant episode. Anthony's amendment was adopted by a motion by Bernard Kelly, and was intended to test the relative strength of the two sides on the prohibition question. Anthony asserted that a mere handful of delegates had met at the Windsor and arranged for everything except the nomination of the officers.

Hackney, Griffen, Taylor and others followed Anthony with conciliatory speeches, after which the prohibition side gave in to the majority for the sake of peace. 9 o'clock.—Nothing has been accomplished since supper. While waiting for the action of the committee, lively speeches are being made by Geo. P. Peck and W. P. Hackney, and songs by the Modocs to which the convention and the packed hall are responding with shouts of laughter and cheers.

## Associated Press Report.

TOPEKA, July 16.—The Republican state convention met at four p. m. in the senate chambers of the state house. The hall was arranged for the seating of three hundred and fifty-five delegates apportioned by congressional districts into seven equal divisions subdivided by counties, the regular site number of chairs being plainly marked for each county. No attempt at decoration was made beyond the hanging of a few portraits. The lobby, rooms and gallery were packed at the hour of convening. The convention was called to order by A. J. Redd, chairman of the state central committee.

The call for the convention and the roll of the delegates made up by the state central committee were read by W. W. Walton, secretary of that committee. A. F. Dixon, of Russell county, was nominated by the committee for temporary chairman, and was elected without opposition. E. A. Fitzpatrick, of Saline, and L. M. Reddell, of Labette, for assistant secretaries, and they were elected. The committees on credentials and permanent organization were ordered to consist of one from each judicial district. Coming to the committee on resolutions, Geo. P. Peck, of Cowley, moved the appointment of this committee by the chairman.

D. R. Anthony moved to amend so that this committee be selected by the delegates for each judicial district. This was supported by Smith and Blidde, of Butler county, and Smith, of Butler, and opposed by Pickering, of Johnson, Griffen, of Riley, and Taylor, of Reno.

Gen. Taylor moved the strike that "everything was cut and dried" by stating that the delegates of some judicial districts had already caucused and named their committee members.

The vote on the amendment was taken by counties, and resulted 178 for and 166 against.

The committee on resolutions, after an informal recess, was announced by delegations for the various judicial districts as follows: First, A. J. Redd, Second, Rev. P. Krohn; Third, Albert Griffin; Fourth, Robert Albert Griffin; Fifth, J. A. Adair; Sixth, A. L. Tanner; Seventh, S. S. Kirkpatrick; Eighth, T. P. Wilson; Ninth, J. G. Evers; Tenth, D. E. Cornell; Eleventh, H. C. Clark; Twelfth, H. G. Higginbotham; Thirteenth, Rev. B. Kelley; Fourteenth, T. F. Garver; Fifteenth, John D. Robinson; Sixteenth, J. C. Strang; Seventeenth, A. J. Davis; Eighteenth, F. E. Gillett. After the announcement of these and other committees it was voted that three more members at large be added to the committee on resolutions, to be appointed by the chairman. They were not named before the adjournment. On motion of Mr. Stanley it was ordered that resolutions be referred to the committee on resolutions without debate. Adjourned until 8 p. m.

## EVENING SESSION.

The Republican state convention convened again at 7:30, when the temporary chairman announced that three members at large of the committee on resolutions, D. W. Wilder, of Brown county; E. C. Titus, of Shawnee, and A. H. Evers, of Leavenworth, were made a running speech. The report of the committee on credentials is just received. The committee on permanent organization, J. C. Evers, chairman, reported for chairman, Geo. J. Baker, of Douglas; secretary, L. J.

Perry, of Miami; assistant secretary, Chas. S. Martin, of Saline; S. C. McDonald, of Cherokee, which was adopted.

Messrs. W. P. Hackney and D. R. Anthony were appointed to escort Mr. Baker to the chair. Mr. Baker spoke briefly on taking the chair. The committee on rules and order of business, B. C. Bassett, chairman, made a report. It required the report of the platform before nominations could be made in the same order as mentioned in the call for the committee. An effort was made to change the order, which failed. At 10:30 a committee of three was sent to interview the committee on platform. The committee to wait on the platform committee returned in five minutes and announced the majority of that committee to report before 9 o'clock to-morrow.

After a time spent in consultation D. R. Anthony moved to suspend the rules and nominate Albert H. Horton for chief justice by acclamation. After a desultory discussion this motion was adopted, and at 10:50 the convention opened to 8 o'clock Thursday morning.

The committee on resolutions will report to report 9 o'clock Thursday morning. It will report on the prohibition question that it was adopted by a vote of the people without regard to politics and that it being the law the republican party is in favor of supporting it and all other laws.

On the subject of railroads it will commend the railroad commissioners, and ask for legislation that will give the railroads the control of their property, but not allow for discriminating for or against individuals. It will ask that freight and fares be put at such prices that a fair dividend can be made on actual cost, but not on fictitious or watered stock.

## KENTUCKY DEMOCRATS.

LOUISVILLE, Ky., July 16.—The Democrats of Louisville to the number of 5,000, assembled on Court place this evening for the purpose of ratifying the Chicago nomination.

The speakers were gentlemen, well-known politicians, and their remarks were enthusiastically received. Hon. C. W. Watterston, speaking of the tariff plank, said the national committee which met at the city of 1883 by running away from the issue of revenue reform, is now as it was then in the hands of the protectionists. Its project directed by the fine Italian hand of Mr. Randall, was put forth to pack the platform committee in the late convention.

Through its agency, artfully employed, the Democrats of five southern states were misrepresented on that committee. Hence the disproportion which appeared in congress between the followers of Mr. Randall and the followers of Mr. Carlisle and Mr. Morrison was not maintained in the platform committee. The committee was in fact nearly equally divided, but it is fair to say and it is true to say that the majority of the committee was made up of the followers of Mr. Randall and the followers of Mr. Carlisle and Mr. Morrison was not maintained in the platform committee.

Indianaapolis, July 16.—The Republicans of the fifth district at Greencastle today nominated Geo. W. S. Allen for congress. The Republican state convention will be held here September 2.

## NEW HAMPSHIRE REPUBLICANS.

CONCORD, July 16.—The Republican state convention will be held here September 2.

## NEW YORK DEMOCRATS.

ALBANY, July 16.—The Democratic state convention is called for a meeting to be held at Albany, July 22.

## THE GREENBACKERS.

NEW YORK, July 16.—The state Greenback convention is called for at New York city August 27.

## CUBAN INSURGENTS.

NEW ORLEANS, La., July 16.—Private advices from Havana state that the headquarters of the Cuban insurgents, state that the insurgents under the immediate command of a guard, undertook an expedition against the plantations of certain persons known to be in favor of the government.

Although opposed by a strong detachment of the Cuban army, the insurgents, being entrenched in an almost impenetrable position, repulsed the troops with a loss of three killed and several wounded. The captain general of Cuba called a meeting of the officers to consider the means for successfully encountering the enemy in the field. A large number of troops were lost or demoralized by guerrilla warfare.

## CINCINNATI CULLINGS.

CINCINNATI, July 16.—A new industry here for the manufacture of shot will be started to-morrow by local capitalists.

The cigar makers are out with the announcement that the manufacturers here have refused the demand of heelers, and that cutters for an advance of 10 to 15 per cent.

## RAISING THE INTELLIGENCE OFFICES.

NEW YORK, July 16.—The mayor today began an investigation into the charges preferred by morning newspapers against several members of the intelligence offices of procuring girls for respectable purposes. The newspaper articles were written and charged by Mrs. Eliza Archer Corner of the Cincinnati Commercial Gazette. The lady testified to the truth of the statements in the newspaper articles. The keepers of several intelligence offices denied that the charges were true.

## INDIAN TROUBLES.

FORT SMITH, Ark., July 16.—Bud Presley, a Choctaw militiaman, was fatally stabbed Saturday in an altercation with Lewis Lucas, sheriff of San Juan county, Choctaw. Lucas was in the militia camp in that county. The militia was disbanded soon afterwards by orders from Gov. McCurtain. The trouble was with Mr. Hoyt and his gang of desperadoes being virtually at an end. The white followers of Hoyt have been ordered away. Mr. Thompson was pastor of the Presbyterian church here. He was a popular preacher, author and scholar. None of the bodies are yet recovered.

## CHALLENGE ACCEPTED.

BOSTON, July 16.—Dufur has covered McLaughlin's fifty dollar deposit for the challenge to the world and five hundred dollars.
